Question	VG HD Response	Process or Workaround	Screen Shot
Why do I get an error when I try to view or save a report?	If you are having difficulty, remember that all reports need to be saved on your computer before they can be viewed. When prompted to Open or Save the report, click Save and then save the report to a location that you'll be able to locate later. Once it has finished downloading, click Open to view the report.		

Question	VG HD Response	Process or Workaround	Screen Shot

Question	VG HD Response	Process or Workaround	Screen Shot
Where can I go to view all the Incidents that my agency hasn't finalized yet?	To view all the Incidents created by your agency that have not yet been submitted or finalized, go to the Filing Process Management Screen. This will list all Events (including Incidents, Medication Occurrences, Restraints, and Optionally Reportable Events) that are currently awaiting some action by your agency. Once you've finalized the report, the event will no longer appear on the screen. Please note that the data on this screen is refreshed every night. Therefore, if you finalize an Incident during the day, it will be removed from the screen that evening.
